

Turves Green Primary School Newsletter

12TH SEPTEMBER 2025

Hello parents and carers,

I hope you're all well and have had a positive week.

We've completed our first full week back following the holidays, and I'm delighted to share how wonderfully the children have settled in. Their focus and effort have been outstanding!

Pupils have started their PE lessons now and they have had such fun – alongside some great learning too! Additionally, Year 2 and Year 6 have taken part in specialist cricket lessons with a trained coach from Warwickshire University. All year groups across the school will get a chance to take part in this over the coming weeks.

In other news, our new Pupil Parliament has been formed. It was so inspiring to see all children engaged in the debate, nomination and election process – it really exemplified our No Outsiders ethos and our British Value of democracy.

Lastly, we celebrated my favourite time of the week – our awards assembly! Seeing so many examples of great Turves Green behaviour made me so proud, as should you be.

On a separate note, please may I ask that you are mindful and above all safe, when dropping children off to school. I understand there is congestion outside the school, however please ensure children are exiting vehicle and crossing the roads safely.

I hope you all have a lovely weekend – despite the potential rain,

Mr Lewis
Head of School

Wolfgang Amadeus Mozart (1756-1791):

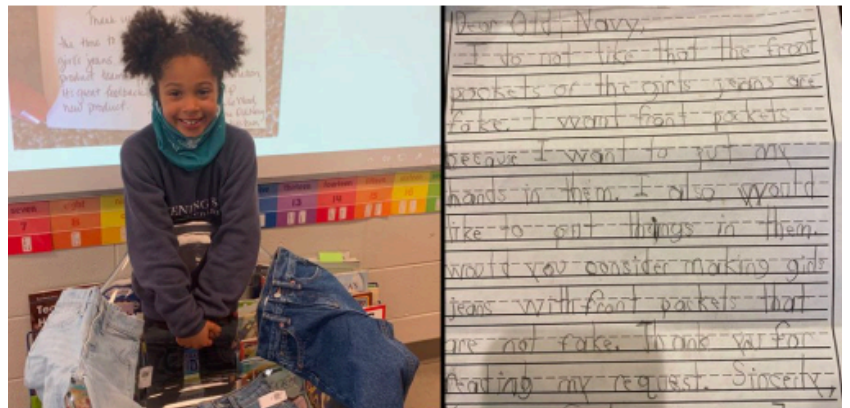

Wolfgang Amadeus Mozart was born in Salzburg, Austria, where his father Leopold was a violinist and composer. Mozart was a child prodigy. He composed his first piece of music at age five; he had his first piece published when he was seven; and he wrote his first opera when he was twelve. By the time Wolfgang was 6, he was an excellent pianist and violinist. He and his sister Maria Anna (known as Nannerl) traveled all over Europe performing for royalty.

When he grew up, Mozart moved to Vienna, and tried to earn a living as a pianist and composer. But he had a lot of trouble handling the fact that he was no longer a child prodigy. Mozart was still a musical genius, but after he stopped being a 'cute kid', people stopped making a big fuss over him. Back then, musicians were treated like servants, but Mozart did not, and could not think of himself as a servant.

Mozart was only 35 when he died. During his short life, he composed in all different musical forms, including operas, symphonies, concertos, masses, and chamber music. Today, he is still considered a genius!

Outdoor Play and Learning

It's that time of year again where we start to collect more items for our children to play with outside at breaktimes and lunchtimes. Last year, we had some fantastic donations from many families in our school community. Thank you so much for that!

Next week, we would like to ask children if they have any Lego, dinosaurs, vehicles or dolls that they no longer play with to be donated for all to enjoy. It might help you have a little bit of a clear out too. Teachers will also share this information with children. They should bring the donations into class with them. Let's see which classroom can cross off the whole BINGO card.
