Week Beginning 19th June
(Week 2 Timetable)
Monday - Year 5
Tuesday - 6B, 6J Swimming
Wednesday - Year 3 & Year 4
Thursday - 5J & Year 6
Friday - No KS2 PE

Dear Everyone,

We have enjoyed welcoming the children back in to school this week after their well-earned break. They have launched straight back into their learning and begun their final half term in their current year group!

This is a very busy half term with transition days, Sports Day, visits, the KS2 production and events for Year 6. We will be sending an email/ letter with details of events you need to be aware of in due course.

A highlight of this week was 3E performing their class assembly. They demonstrated the vast amount of learning and knowledge they have gained about the Egyptians, Birmingham and the Spanish language amongst other things. They showcased this brilliantly and we were very proud of their efforts. Thank you to parents and carers who were able to join us. The teachers and children who also came to watch were very impressed too.

Please can we just give a couple of reminders about the beginning and end of the school day; we cannot allow ball games on the playground before and after school due to the number of people on the playground, including small children. Also, it is important that your children are supervised in the morning on the playground until the gates and KS1 doors open and the children have gone in to school. This is for their safety as we do not have teachers or members of staff out until 8:40am when the school day starts. Thank you for your cooperation with this.

It looks as if we are going to have some very warm weather this weekend, so stay safe in the sun and we hope you have a good couple of days. See you all next week.

G.Harker-Daniels
Deputy Headteacher

Inclusion Corner SEN Information Report Review

If you have a child with a Special Educational Need or Disability (SEND) then we need you!

Please come and help us review our Information Report on 11th July at 9am in school.

What is a SEN Information Report?

The report explains how the SEN policy is applied at Turves Green Primary. For example, how we help and support pupils, who does what role, what resources are available etc. It is a reflection upon the past academic year and therefore your input is vital so that the information is:

- accurate
- accessible to future parents
- allows us to assess what is working and what our next steps are.

Please join us!

With thanks,
Laura Allden (AHT and Inclusion Lead)

Is your family entitled to free school meals? Scan the QR code below to check eligibility:

Please check the school website and newsletters for information regarding school term dates and Key Stage 2 PE days before calling our very busy school office.
<https://turvesgreen.excel.siorformat.org/>

Don't forget to send your child into school with their school water bottle. If they need a replacement, please pay £2.00 on Arbor and we will send it to your child's class for you

Weekly Assembly

What to do if you need urgent police help through the 999 service, but can't speak

If you're in an emergency situation and need police help, but can't speak, Make Yourself Heard and let the 999 operator know your call is genuine.

WHEN YOU CALL 999

All 999 calls are directed to call centres and will be answered by BT operators. They will ask which service you need. If no service is requested but anything suspicious is heard throughout the process, BT operators will connect you to a police call handler.

IF YOU CALL 999 FROM A MOBILE

It is always best to speak to the operator if you can, even by whispering. You may also be asked to cough or tap the keys on your phone in response to questions.

If making a sound would put you or someone else in danger and the BT operator cannot decide whether an emergency service is needed, your call will be transferred to the Silent Solution system.

The Silent Solution is a police system used to filter out large numbers of accidental or hoax 999 calls. It also exists to help people who are unable to speak, but who genuinely need police assistance. You will hear an automated police message, which lasts for 20

seconds and begins with 'you are through to the police'. It will ask you to press 55 to be put through to police call management. The BT operator will remain on the line and listen. If you **press 55**, they will be notified and transfer the call to the police. If you don't press 55, the call will be terminated. Pressing 55 does not allow police to track your location.

WHAT THEN?

When transferred to your local police force, the police call handler will attempt to communicate with you by asking simple yes or no questions. If you are not able to speak, listen carefully to the questions and instructions from the call handler so they can assess your call and arrange help if needed.

IF YOU CALL 999 FROM A LANDLINE Because it's less likely that 999 calls are made by accident from landlines, the Silent Solution system is not used.

If, when an emergency call on a landline is received:

- there is no request for an emergency
- the caller does not answer questions
 - only background noise can be heard and BT operators cannot decide whether an emergency service is needed, then you will be connected to a police call handler as doubt exists.

If you replace the handset, the landline may remain connected for 45 seconds in case you pick it up again.

If you pick up again during this 45 seconds and the BT operator is concerned for your safety, the call will be connected to police.

When 999 calls are made from landlines, information about where you're calling from should be automatically available to the call handlers to help provide a response.
